OUT OF ZONE APPLICATIONS: Anybody who is out of zone and has siblings joining us in 2019, needs to have the child's name in the Out of Zone Ballot. We need to have your completed *Out of Zone Application Form* in by Wednesday 17th October 2018 (forms are held at the office). **If a Ballot is required, it will be held on Wednesday 24th October 2018.** You will be advised in writing following the Ballot.

WATTIES CANS FOR GOOD: Our final total of cans collected was just under 1000 — thank you again to all who contributed. Also a special mention to Lucas Sun from room 33 — he chose to not have lunch orders & used the money to buy 20 cans for our collection. Thank you Lucas for your thoughtful contribution. Our video entry into the Wattle's competition came runner-up and you can see our video on the below links:

Samuel Anderton will now go on to represent Marina View School at the Northwest Speech Finals on 20 September. All the best Samuel.

MUFTI DAY: Next Friday 21st September we will be having a mufti day in support of 'Red Nose Day'. Children can come to school wearing something red and please bring a gold coin donation.

MARINA VIEW SCHOOL AT WHAT NOW: On Sunday 9th September a group of children represented Marina View School on What Now! They had a blast playing in the Clash of Codes 'Word Up' Game. It was a relay race against Hobsonville Point Primary and the teams each had to jump into the foam mess, collect a letter and attach it to the sign. The team that did this first won - and I'm proud to say Maria View won! Thanks so much to the children for participating with a positive spirit and the parents for supporting them. See Page 3 for photos.

TROPHIES

We are calling for the return of trophies that were presented at the 2017 Prizegivings, so that we may start preparing them to present to students this year. If you have a trophy, please return it to the school office as soon as possible.

Thank you.

Kind Regards,
Cara Bergin-Stuart
Acting Principal

STUDENT WORK

To school and back

As I start to come to the bridge, my heart stops in fear. My feet submerge into the murky mud. I wrap my hands onto the waver wire, my feet slowly drift onto the injured white willow wood. The rushing current underneath me slowly rises and speeds up.

A wave hits the side of the death bridge. The hot and painful wire digs into the palm of my hot hands, as a wood plank comes loose. I just reach the middle - the most dangerous part where the bridge dips even closer to the current. The black fragile bridge smashes against the side of the muddy hill. I see new kids, too afraid to continue.

All just to go to school.

Blair Ashford, Year 6
